### PROSPERITY IN THE SOUTH.

**Higher Prices For Cotton Expected to Bring Good Times.**

BALTIMORE, Oct. 6.—The one thing which has been lacking to make well-rounded and general prosperity for the south—prosperity for the farmers as well as for the manufacturers—has come, says The Manufacturers' Record in its weekly review of the southern industrial conditions. The advance in cotton, if the price ruling today holds, as it probably will, means that southern farmers will receive at least \$75,000,000, possibly \$100,000,000 more for this year's crop than for that of last year.

The addition of \$75,000,000 to \$100,000,000 to the value of the south's cotton, the production by the country at large of about 2,500,000 bales of cotton, or about 30,000,000 bales more than the largest crop ever before raised, the high prices which cotton raisers are getting and the enormous demand for all kinds of agricultural products by reason of the general employment of the people at good wages, are factors in the business situation which must have a very telling effect.

The farmers this year are going to be prosperous. Last year western farmers were in good shape and southern farmers were trying to get on solid ground by close economy. This year western farmers, with their magnificent corn crop and a fair wheat yield, added to higher prices for live stock, will be in clover, and their southern brethren will wind up the season with less debt and more spending money on hand than for some years.

Add to these facts that every railroad is taxed to its utmost that the iron trade is crowded as never before, with sales a year ahead at magnificent profits; that nearly all other branches of trade are doing equally as well, and we have a uniform condition of activity and prosperity such as has not been seen for a long time.

### WEDDING FULL OF ROMANCE.

**Agoo Couple Brought Together by the Mail Medium.**

AGOSTA, Ga., Oct. 6.—Last evening occurred the marriage of Mr. William Vance Thompson of Bath, Ga., to Mrs. William Melissa Tompkins of Ithaca, N. Y., and the ceremony was the culmination of an interesting romance. Mr. Thompson is postmaster at Bath, a small village in this county, a dozen miles from Augusta, and is 63 years old. His bride is 61 years old, and until yesterday they never saw each other. They were introduced by a mutual friend through the medium of the mails and have been in correspondence for a year past. They exchanged photographs and yesterday Mrs. Tompkins came from her New York home to carry out their agreement of marriage.

The wedding took place at the Methodist parsonage, Dr. Kendall officiating. Mr. and Mrs. Thompson left on the evening train for their home in Bath, as happy as a boy and girl.

### Mill Directors Buy Land.

### Shot and Killed at a Dance.

CHICAGO, Oct. 9.—While the floor of Aurora Turner hall was thronged with dancers late last night Dominio Peterautoni, an Italian, shot and killed Pasquale Zuccanito. The dancers made a rush for the murderer, and the police say that violence probably would have been done had not three patrolmen, with drawn revolvers, forced the crowd back. The policemen finally brought Peterautoni in safety to the station. The quarrel which led to the shooting was over \$1 borrowed from Peterautoni by Zuccanito, who spent it for wine.
